HOW TO DO IT: new ideas for new goals!

Dear Colleagues,

it is with great pleasure that we hereby announce the 7th edition of the **International Congress Aortic and Peripheral Surgery "HOW TO DO IT"** to be held on December 15th - 17th, 2016 at Ospedale San Raffaele in Milano.

We are delighted and honored to announce a truly international faculty of almost 300 experts in their fields and distinguished keynote lecturers who will share their outstanding experience.

The main philosophy of the meeting will be unchanged and our mission will be to offer to the participants an update focused mostly on the practical aspect of vascular surgery through a dynamic format based on rapid paced presentations.

However, there will be several changes and improvements in the format that we hope will enhance everybody's experience:

- Multidisciplinary up-to-date topics
- Abdominal and thoracic aortic disease
- Peripheral, carotid, venous disease
- Keynote Lectures by acknowledged opinion leaders
- World-class speakers
- Intense panel discussions
- Controversies / Debates
- Parallel sessions
- Hands-on workshops
- Simulators
- Recorded live cases
- Industry updates
- E-posters from young investigators
- Cardiovascular Nursing Symposium
- English official language

We very much look forward to welcoming you in Milano next December for what we hope will be an enjoyable and rewarding Congress.

YOUNG INVESTIGATORS COMPETITION

Call for young investigators - eposter session

At HOW TO DO IT 2016, we would like to offer the opportunity to submit abstracts of scientific works or challenging cases/complications about open or endovascular treatment of:

- abdominal and thoracic aortic disease
- peripheral, carotid and venous disease

Medical school graduates of all nationalities, up to the age of 40, are allowed to present an abstract.

How to participate

All those interested in taking part may submit an abstract in English, of no more than 300 words.

One figure or one table is permitted to be included with the abstract. If a figure is submitted, it should have a resolution of 300 DPI minimum. Tables should have no more than five columns and ten rows. Figure/tables should be called out within the text of the abstract. Each figure and table should have a legend.

The abstract - edited as per the following Abstract template form - must be sent by e-mail to the Organising Secretariat (info@aorticsurgery.it) by **October 10th, 2016**.

Competition and Prize

Accepted abstracts will be published in the journal AORTA, a multidisciplinary, bi-monthly, peer-reviewed journal devoted to the aorta and to the other vascular diseases.

Editor-in-Chief: John A. Elefteriades. Content: indexed in PubMed.

Full papers are also welcome and will undergo peer review and editorial process of the journal.

Free registration to the Congress will be offered to presenting Authors of accepted abstracts, which will be presented during the Congress as electronic poster (eposter).

The presenting Author of the work selected as "Best eposter" will have the opportunity to give an oral presentation during HOW TO DO IT 2016 plenary sessions.

Moreover, free registration to 21st European Vascular Course - Maastricht 2017 will be offered to presenting Authors of first-, second- and third- classified eposters, by courtesy of EVC Directors.
