7th INTERNATIONAL CONGRESS

AORTIC AND PERIPHERAL SURGERY
HOW TO DO IT

MILANO - ITALY / DECEMBER 15th-17th, 2016

Hands-on EVAR

Endovascular course on simulators

www.aorticsurgery.it

TARGET & OBJECTIVES

The Course is designed for vascular surgeons in training. It is focused on lifelike cases of abdominal aortic aneurysms which will be planned on workstations and subsequently treated on endovascular simulators mimicking a real world treatment scenario. The Course is structured on a step-by-step learning of basic and complex techniques, under the supervision of experienced tutors.

A correct preoperative planning is key to clinical success of endovascular treatment of abdominal aortic aneurysms. Knowledge of materials and both endovascular and surgical techniques are as well important but often they require long learning curves.

The use of simulators has been associated with shorter learning curves and better clinical success rates if used before the real procedures. However, nowadays access to such modern simulators is limited.

The aim of this course is to train young vascular surgeons on endovascular basics of standard treatment of abdominal aortic aneurysms and give them access to simulators in order to improve their skills in a practical and modern way.

PROGRAMME

- ✓ Planning on a workstation (Osirix software)
- ✓ Feasibility evolution
- ✓ How to choose the correct graft
- ✓ What I need to perform an EVAR
- ✓ How to do EVAR (Simbionix simulator)

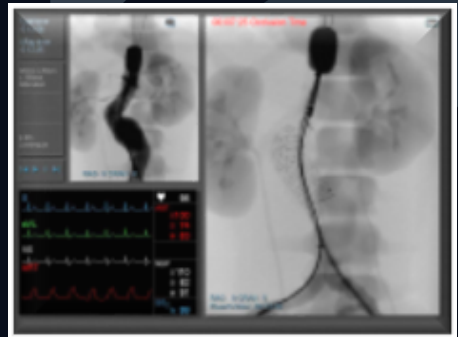

First group

09:00 - 13:00

Second group

14:00 - 18:00

Date

Thursday, December 15th, 2016

Venue

San Raffaele Congress Centre
Via Olgettina 58
20132 Milano IT

Organising Committee

Prof. Roberto Chiesa
Prof. Germano Melissano
Dr. Luca Bertoglio
Dr. Andrea L. Kahlberg

Tutors

Dr. Domenico Baccellieri
Dr. Daniele Mascia
Dr. Sara Spelta
Dr. Enrico Rinaldi
Dr. Giuseppe Cilli
Dr. Niccolò Carta

Registrations

The number of participants is limited to 12 surgeons for each group.
All those interested in making a registration should write to the Organising Secretariat by **October 17th, 2016**.

Participants will be selected on a first come first served basis; the Organising Secretariat will confirm the final registration to the course.

The participation is free of charge for main Congress attendees.
