long-term partnerships with  
healthcare professionals.  
Our commitment to this  
continues with the Gore  
MEDICAL MASTERY Series.*

**December 15, 2016**

**Pinta Room  
Ospedale San Raffaele  
Via Olgettina, 60  
20132 Milano**

## Objective

This Aortic Complex Surgery Roundtable will provide a forum for participants to learn from debranching experts and other attendees about the effective use of the GORE® Hybrid Vascular Graft in complex cases.

## Target Audience

This roundtable is designed for physicians who:

- Are experienced with techniques for the open and endovascular treatment of AAA and TAA
- Want to learn more about the use of the GORE® Hybrid Vascular graft in challenging cases
- Are willing to bring films of future or completed challenging cases, in the effort to inspire interactive discussion between moderators and course attendees

## Learning Outcomes

- Review the literature on GORE® Hybrid Vascular Graft
- Further develop case planning and device selection skills
- Examine and discuss challenging cases brought by attendees

**Medical Mastery**  
SERIES

*The Collaborative Learning Experience*

## Agenda
