HOW TO DO IT: new ideas for new goals!

Dear Colleagues,

it is with great pleasure that we welcome you to the 7th edition of the **International Congress Aortic and Peripheral Surgery "HOW TO DO IT"**.

A truly international faculty of almost 300 experts in their fields and distinguished keynote lecturers will share their outstanding experience. We take this opportunity to thank each of them for their commitment.

The mission of the Congress is to offer to the participants an update focused mostly on the practical aspect of vascular surgery through a dynamic format based on rapidly paced presentations.

The program features:

- Multidisciplinary up-to-date topics
- Abdominal and thoracic aortic disease
- Peripheral, carotid, venous disease
- Keynote Lectures by acknowledged opinion leaders
- World-class speakers
- Intense panel discussions
- Controversies / Debates
- Parallel sessions
- Hands-on workshops
- Simulators
- Recorded live cases
- Industry updates
- e-Posters from young investigators
- Cardiovascular Nursing Symposium
- English official language

We hope once again to be able to offer a useful and enriching experience to everyone.

Roberto Chiesa

YOUNG RESEARCHERS FORUM

Moderators: Laura Capoccia
Andrea L. Kahlberg

08.01

Results of EVAR in high risk patients
Speaker: Bianca Pane

08.07

Endovascular options in the thoracic
aorta in patients with connective tissue
disorders
Speaker: Barend Mees

08.13

Early endovascular aneurysm repair
after percutaneous coronary interventions
Speaker: Felice Pecoraro

08.19

Urgent CEA in patients with acute stroke
Speaker: Laura Capoccia

08.25

Treatment of secondary aorto-enteric fistulae
using cryopreserved arterial allografts:
early and long-term results
Speaker: Thibault Couture

08.31

Long-term results of hostile neck anatomies
treated with standard devices
Speaker: Pasqualino Sirignano

08.37

Hemodynamic monitoring in vascular surgery
Speaker: Sabino Scolletta

Speaker: Benjamin W. Starnes
Discussant: Vittorio Baratta

09.08

What do the results of the Improve Trial
really imply for clinical practice?
Speaker: Janet Powell
Discussant: Giuseppe Galzerano

09.15

Ajax Trial, spin-off and follow-up studies
Speaker: Willem Wisselink
Discussant: Guido Bellandi

09.22

State of the art in rAAA in the light of
trials and real life practice
Speaker: Hence J.M. Verhagen
Discussant: Joost A. van Herwaarden

09.29

Does EVAR offer a real survival
advantage in "all-comers" rAAA?
Speaker: Mario Lachat
Discussant: Pierluigi Vandone

09.36

EVAS for rAAA
Speaker: Roberto Silingardi
Discussant: Sara Spelta
