

6TH INTERNATIONAL CONGRESS

AORTIC SURGERY AND ANESTHESIA "HOW TO DO IT"

FEATURING CAROTID, PERIPHERAL AND VENOUS DISEASE

OSPEDALE SAN RAFFAELE

MILANO - ITALY - DECEMBER 11TH-13TH, 2014

INDUSTRY FOCUS (NON-CME) PROGRAM

www.aorticsurgery.it

INDUSTRY FOCUS 1 PERIPHERAL DEVICES

13:50 - 14:20

Moderator: Carlo Setacci

Abbott Vascular

The new vascular mimetic technology

Speaker: Marco Manzi, Abano Terme PD - Italy

Alvimedica

Unique polymer-free amphiphilic eluting technology for BTK lesions: the Activ8 Study

Speaker: Enrico M. Marone, Milano - Italy

Biotronik

4F Solutions: minimal is optimal

Speaker: Roberto Ferraresi, Milano - Italy

Cook Medical

Zilver® PTX® randomized trial of paclitaxel-eluting stents for femoropopliteal artery disease: 5-year results

Speaker: Michael D. Dake, Stanford CA - USA

Cordis

The evolution of stent design: optimum solutions with the S.M.A.R.T.® Flex Vascular Stent Systems

Speaker: Gianpaolo Carrafiello, Varese - Italy

Medtronic

Is DCB a breakthrough technology for claudicants treatment? Latest evidence about InPact DCB RCT

Speaker: Frank Vermassen, Gent - Belgium

INDUSTRY FOCUS 2 CAROTID AND PERIPHERAL DEVICES

15:25-15:55

Moderator: Andrea Stella

Abbott Vascular

Long term results in endo treatment of carotid stenosis

Speaker: Gianbattista Parlani, Perugia - Italy

Boston Scientific

Clinical experience with Angiojet System

Speaker: Giampaolo Carrafiello, Varese - Italy

Covidien

Insight into drug coated balloons: what's the difference?

Speaker: Fabio Verzini, Perugia Italy

Gore

GORE® VIABAHN® Endoprosthesis & GORE® TIGRIS® Vascular Stent; the unique endovascular solution for long challenging femoro-popliteal lesions

Speaker: Raffaello Bellosta, Brescia - Italy

Maquet

FUSION BIOLINE an innovative hybrid heparin bonded graft

Speaker: Enrico M. Marone, Milano - Italy

Medtronic

When CAS can be considered a valid alternative to CEA: can the protection device be related to better clinical outcome?

Speaker: Nicola Tusini, Reggio Emilia - Italy

INDUSTRY FOCUS 3 ABDOMINAL AORTIC DEVICES I

18:55-19:20

Moderator: Armando C. Lobato

Cook Medical

Keys to a durable repair

Speaker: Guido Rouhani, Frankfurt - Germany

Gore

Innovative system for iliac branch procedures: the new GORE® EXCLUDER® iliac branch endoprosthesis

Speaker: Wassim Mansour, Roma - Italy

Jotec

E-Liac – Preliminary experience with new branched stent graft system for endovascular treatment of aorto-iliac aneurysm

Speaker: Nicola Tusini, Reggio Emilia - Italy

Medtronic

Sustained durability and long term clinical evidence of Endurant Stent Graft

Speaker: Giuseppe Panuccio, Münster - Germany

INDUSTRY FOCUS 4 CARDIAC DEVICES

08:40-09:05

Moderator: Matteo Montorfano

Boston Scientific

Lotus Valve: a second generation TAVI system

Speaker: Barbara Sala, Milano - Italy

Edwards

The transcatheter aortic valve Edwards SAPIEN 3

Speaker: Marco Puttini, Milano - Italy

Maquet

Hemashield angulated 4 branches: an innovative graft for the aortic arch replacement

Speaker: Giampiero Esposito, Bergamo - Italy

Sorin Group

Focus on bioprosthesis Sorin sutureless

Perceval™ S

Speaker: Stefano Moriggia, Milano - Italy

St. Jude Medical

St. Jude Medical second generation device: Amplatzer Amulet

Speaker: Patrizio Mazzone, Milano - Italy

INDUSTRY FOCUS 5 ABDOMINAL AORTIC DEVICES II

16:45-17:10

Moderator: Roberto Pacchioni

Aptus

Hostile necks: technical tricks and new technologies to improve the results

Speaker: Piergiorgio Cao, Roma - Italy

Abbott Vascular

Percutaneous approach to AAA procedures

Speaker: Giovanni Pratesi, Roma - Italy

Cordis

Initial practical experience with the ultra-low profile INCRAFT® AAA Stent Graft System

Speaker: Luca Bertoglio, Milano - Italy

Trivascular

Protecting the aortic neck

Speaker: Gianmarco De Donato, Siena - Italy

Speakers are allowed 4 minutes for their presentation

INDUSTRY FOCUS 6 NEW TECHNOLOGIES AND RENAL DEVICES

09.30-10.00

Moderator: Francesco De Cobelli

Dainese

New protection system

Speaker: Marcello Bencini, Molvena VI - Italy

GE Healthcare

Benefit of completion ceCBCT following EVAR

Speaker: Stéphan Haulon, Lille - France

Gore

Gore Hybrid Vascular Graft during open thoraco-abdominal aortic repair

Speaker: Andrea Kahlberg, Milano - Italy

Siemens

3D Syngo DynaCT during EVAR

Speaker: Enrico Brusoni, Milano - Italy

Motivegeeks Labs

Safety Medical Database

Speaker: Ivan Capelli, Milano - Italy

SiamoSoci

New ways to finance innovation

Speaker: Dario Giudici, Milano - Italy

INDUSTRY FOCUS 7 THORACIC AORTIC DEVICES

15:30-16:10

Moderator: Piergiorgio Cao

Bolton Medical

Relay Pro and Relay NBS Pro

Speaker: Rocco Giudice, Roma - Italy

Cook Medical

Zenith Alpha™ Thoracic – providing more patients with a durable repair

Speaker: Jan S. Brunkwall, Köln - Germany

Gore

Conformable GORE® TAG® thoracic endoprosthesis, the best approach for complex thoracic pathology

Speaker: Giorgio Poletto, Rozzano MI - Italy

Jotec

E-xtra design engineering – The ideal solution for the treatment of challenging aortic and peripheral vascular disease

Speaker: Sebastiano Tasselli, Trento - Italy

Kawasumi

The fenestrated stentgraft “Najuta” durable for arch repair: long-term results of multicenter clinical trial in Japan

Speaker: Shin Ishimaru, Saitama - Japan

Medtronic

Acute results of Valiant Mona LSA

Speaker: Robert Hinchliffe, London - UK

Volcano

The benefit of using IVUS in Type B Dissection

Speaker: Antonio Lauricella, Modena - Italy
